Education

Degree	Institution	CPI/%	Year
M.Tech	IIT Gandhinagar	7.84	2025 - Present
B.Tech	Bhilai Institute of Technology, Durg	9.26	2021-2025
Class XII	Milestone Academy, Bhilai	88%	2020-2021
Class X	Milestone Academy, Bhilai	93%	2018-2019

Internships

- **Software Engineering Intern, Vivada, Yarasi Tech.** [April-July 2024]
 - Applied data-driven experimentation and iterative prototyping, reducing abandonment by 25%.
 - Collaborated with cross-functional teams to evaluate design improvements and optimize user engagement.

Projects

- **Viralyst – AI-powered Virality Analysis Platform** [Link](#) [May-June 2026]
 - Designed and implemented a distributed multi-agent system using autonomous LLM agents, with concurrent execution via Goroutines and channels simulating 100+ parallel agents.
 - Built scalable experimentation pipelines for evaluating engagement prediction across generated content.
 - Engineered task scheduling and inter-agent communication to ensure fault-tolerant execution at scale.
- **Hindi Grammar Correction System (Grammarly for Hindi)** [Link](#) [Sept-Dec 2025]
 - Developed an NLP-based Hindi grammar correction system capable of detecting spelling, agreement, and syntactic errors across diverse sentence structures.
 - Built preprocessing and feature engineering pipelines for Hindi text using Python and IndicNLP.
 - Conducted structured evaluation across formal, conversational, and mixed-dialect datasets to assess model robustness.
 - Performed error analysis to identify failure cases and improve correction quality through iterative experimentation.

Positions of Responsibility

- **AICTE Student Ambassador, AICTE Idea Lab (BIT, Durg)** [Oct 2022-May 2024]
 - Served as a Student Ambassador for Idea Lab, providing technical assistance and guidance to students in developing projects utilizing Arduino Uno, 3D printers, CNC machines, and other fabrication tools.
 - Promoted Design thinking and assisted in technical problem-solving and project execution.

Achievements

- Selected for the Google Cloud Ready Program. Completed foundational cloud training. [May-July 2023]
- Secured Department Rank 3 among 125 students in the B.Tech. Program. 4th year topper. [March 2025]
- Finished AICTE's Skilling Program on Smart Manufacturing Techniques. [September 2022]
- Qualified GATE CS 2025. [March 2025]

Skill Summary

- **Languages:** C++, Python, Go, JavaScript
- **Systems & core CS:** Operating Systems, Computer Architecture, Computer Networks, Data Structures and algorithms, OOPS, DBMS.
- **Libraries:** NumPy, pandas, Matplotlib, Scikit-Learn, PyTorch, IndicNLP
- **Development:** Git, GitHub, Docker, FastAPI, ReactJS, NodeJS, MongoDB, MySQL
- **AI/ML:** Machine Learning, Deep Learning, NLP, Statistical Learning,, Model Evaluation, LLMs
- **Relevant coursework:** Linear Algebra, statistics, NLP
